

OTT GIANT PUMPKIN WEIGHT ESTIMATION IS A GOOD PREDICTOR OF FINAL PUMPKIN'S WEIGHT

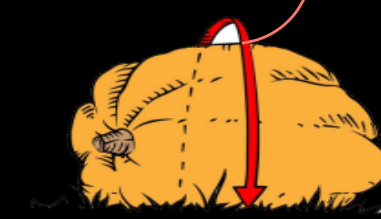

PUMPKIN WEIGHT ESTIMATION IS AS EASY AS TAKING 3 MEASUREMENTS AND ENTERING IT INTO AN OTT CALCULATOR:

Circumference – Measure the circumference of the fruit parallel to the ground at stem height.

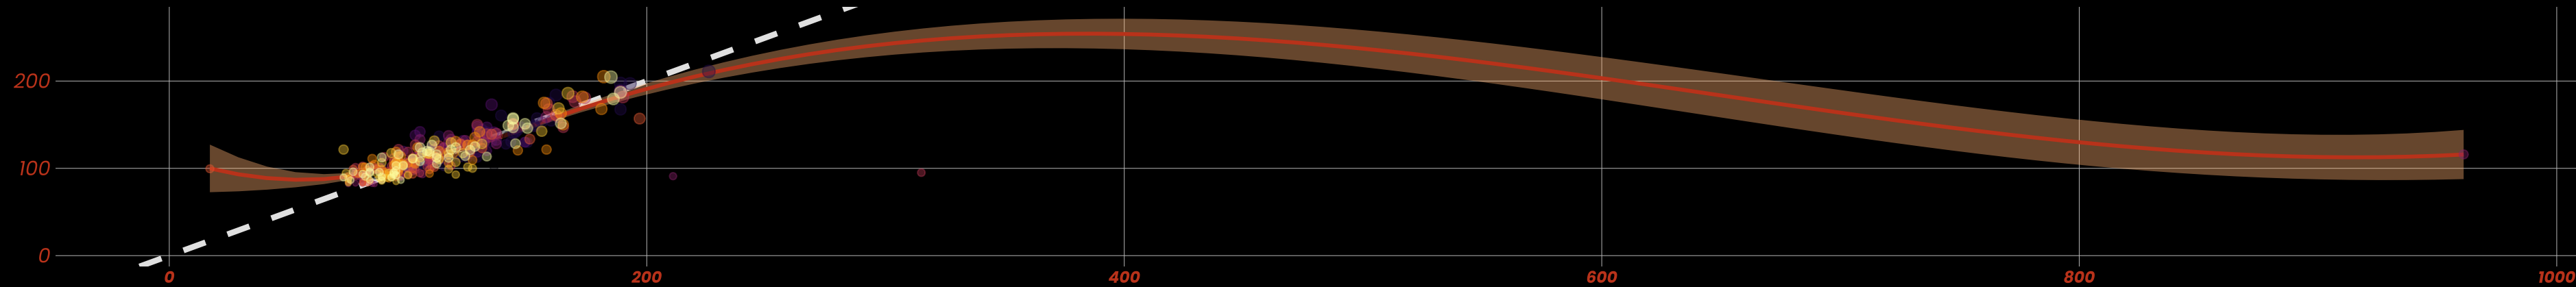

End to end – Place your tape measure on the ground at the stem end, and at the blossom end.

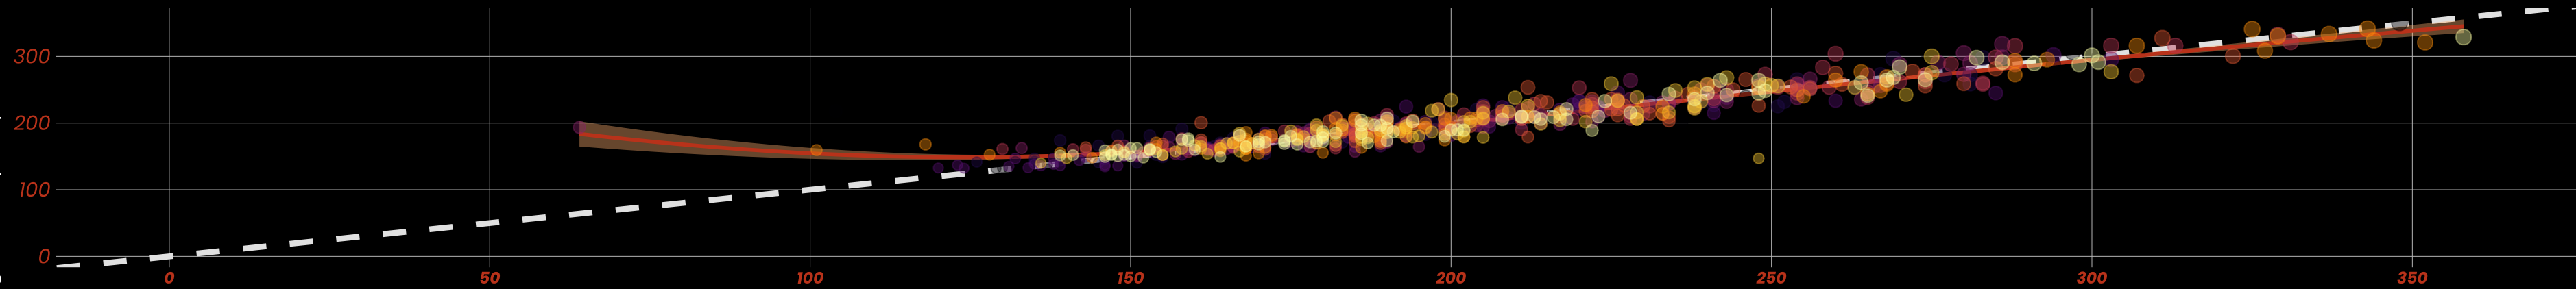

Side to Side – Placing the tape perpendicular to the plant stem at the widest point of the pumpkin.
